DSWD DATA AND DELIVER OPENING AND CLOSING
MESSAGE**

DATE : 08 APRIL 2024

In line with the impending digital transformation of the Department's systems, the "Workshop on the Development of Open Data Platform" will improve the efficiency and effectiveness of government operations and service delivery by streamlining access to information and promoting data sharing, mitigate risks, and maximize the value and utility of its data assets. Accordingly, the Open Data Platform will operationalize the data accessibility component of data governance.

Relative to this, we would like to invite the Undersecretary and Assistant Secretary for Policy and Plans to attend and grace the **"Workshop on the Application of PC-Axis on the DSWD Data" on 23 to 26 April 2024 at Madison 101 Hotel, Aurora Blvd., Quezon City**. The activity aims to deepen the participants' knowledge and skills on designing, creating, and managing an Open Data Platform effectively. The Open Data Platform will support the data governance initiatives of the Department by promoting evidence-based decision-making within the Department and among its stakeholders; fostering collaboration and innovation by opening up its data to external stakeholders, including researchers; and ensuring data accessibility to all stakeholders.

Attached herewith is the Activity Briefer, draft Activity Design, and Talking Points for your reference. The final Activity Design will be submitted to your respective offices after enhancement based on the Resource Person's inputs.

Your staff may coordinate with **Mr. Liedon L. Pineda** of the Policy Development and Planning Bureau via email at lpineda@dswd.gov.ph to confirm and communicate concerns or clarifications regarding this activity, if any.

Thank you.
